WELFARE EXHIBIT AT THE STATE FAIR

Visitors at the state fair last year will recall with a great deal of pleasure the splendid welfare exhibit prepared by Dr. Mary Edwison Neff which was housed in a tent on the grounds for lack of room. Many of these exhibits were brought from eastern institutions at a very great expense. This year it has been thought wise to prepare an exhibit featuring almost entirely the development of welfare work in Arizona.

During the past few weeks the University of Arizona has been engaged in interesting men and women throughout the state in assembling exhibits showing the welfare work done in their communities. In general, the department will contain charts, photographs and literature explaining the work done by our various state institutions, schools, hospitals, etc. A number of mines and department stores have prepared exhibits showing what they are doing to promote the health, safety and pleasure of their employees. Other exhibits will show what the women's clubs, parent teacher associations, Y. M. C. A.'s and civic organizations are doing for their communities and the state.

Which costs most— painting or waiting?

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait, your house is worth less. A little paint-money is good paint-insurance.

STATE LAND BUSINESS HELD UP WHILE POLITICIANS PRATE ON EFFICIENCY OF ADMINISTRATION

Hundreds and hundreds of applications to purchase state lands are lying buried under hundreds of other accumulated applications for the appraisal of land because of the inability of the state land department to hold a meeting and pass on the applications. The reason the department cannot hold a meeting is that at least three of the five members are out telling the dear people of Arizona what an efficient government they have, and urging them to save the state by re-electing the democratic officeholders November 7.

People who have applications pending before the state land department say it is over four months since there has been a meeting, and while several half-hearted attempts have been made to get the members of the board together, they have been fruitless.

Meanwhile scores of applications are piling up at the state land department, and being chucked into pigeon-holes, or filed away, until Governor Hunt and Secretary of State Osborn, and Wiley Jones, attorney general, can take a little time from their own personal campaigns and devote it to their official duties. State Treasurer, Mit Simms, and State Auditor Callaghan, the other two members, have not gone away campaigning, but they have been unable for some reason or other to find two other members of the department at the capital at the same time.

E. Coffman. Aside from the prize winning yards, many ranch and town homes have been shown what they are doing to

CANDIDATES AND VOTERS MEET

On Wednesday Chandler was invaded by a small army of republican candidates and a number of their friends came with them. It was a lively day for the visitors and the victors. A record breaking crowd assembled in Monroe hall in the evening and were well repaid for coming. Fourteen men, with facts and figures, least and earnest, theories and tried plans, entertained the crowd of politicians, democrats, socialists, prohibitionists and non-partisans, and were roundly applauded time and again. The meeting adjourned with a round of good wishes from the many friends made during this trip to Chandler.

CLUB MEETING POSTPONED

Due to the judging in the ward contest the regular business meeting of the Woman's club will be held on next Wednesday afternoon instead of Wednesday of this week as announced.

Pathe Weekly News to Show Stein-Bloch Suits

Stein-Bloch Smart Clothes are about to be given the finest kind of publicity that has been given to any ready-to-wear clothes. Read this and you will agree.

The Pathe Weekly Pictorial News, shown on the screens of more than fifteen hundred high class moving picture theaters throughout the country, has recently featured women's fashions with much interest on the part of the public. Now they are about to feature the most advanced styles for men—and in these films of living models Stein-Bloch Smart Clothes will be shown exclusively. There will be three different fashion pictures, the first of which will be released in the Pathe Weekly Serial Number Eighty-Six, and the other two in numbers Eighty-Eight and Ninety, respectively. This is not an advertisement. The high class theaters that show the Pathe Weekly will not exhibit advertising films. But it is the best kind of advertising since it is a frank admission by Pathe Freres that in showing authoritative styles they are showing Stein-Bloch Smart Clothes exclusively. The first number of these reels are to be shown at the Columbia theater Friday and Saturday.

CLEAR RECORD OF MR. SMALLER AS A TAXPAYER

The democratic state central committee has attacked George H. Smalley, candidate for state tax commissioner, charging that he has never paid taxes in the state since he came here. Realizing his strength with the taxpayers of Maricopa county because of his successful work here, a secretary of the Maricopa county non-partisan taxpayers' association, they are trying to undermine it by statements which are misleading and untrue.

George H. Smalley owned three houses in Globe for a great many years upon which he paid several hundred dollars in taxes yearly, and in Maricopa county he purchased a farm twenty years ago which was in his father's and brother's name, and he reclaimed it living there for many years, while he was writing for the Republican and other papers. His name is now on the tax rolls in Pima county where he lives.

The voters of Arizona will remember the money he has saved them while he has been engaged in writing and municipal work in Arizona. They will recall the expose of Dr. Flowers' Spina-ruma mining swindle which saved this state from everlasting disgrace, and his honesty and loyalty to Arizona in refusing a bribe of \$5,000 to detract his story exposing the fraud.

Maricopa county taxpayers will remember Mr. Smalley for his work here as secretary of the Maricopa county non-partisan taxpayers' association, and the saving to them of thousands of dollars. Taxpayers all over the state know that he gathered the data and fostered the bank interest law which is bringing in over \$50,000 yearly to the treasuries of the state and counties.

The members of the freeholders' board which wrote the city charter of Phoenix will remember that Mr. Smalley wrote the provision for bank interest for city money and spoke in behalf of it before the board before it was adopted after a vote was taken at the instance of H. H. Wilkinson, now candidate for state senator, to determine whether Mr. Smalley should be allowed to speak. Mr. Smalley was secretary of the board which framed the Phoenix charter.

Wm. Moore, chairman of the board of supervisors of Maricopa county, a democrat, and now of the state land commission, strongly commends the work of Mr. Smalley in taxation and county matters, and in Pima county D. S. Cochran, member of the board there, a democrat, is an ardent supporter of his work there.

The story regarding the charge of non-payment of taxes was published in the Gazette Wednesday evening as coming from the democratic state central committee, but the taxpayers of Maricopa county regardless of politics are not going to be influenced by it for they realize Mr. Smalley's constructive ability and they feel that he can be of great service to them as a member of the state tax commission.

Hayden Happenings

Rev. Dagley wishes to announce that there will be morning service at 11 a. m. immediately following Sunday school service on Sunday evening at 8 p. m., following Epworth league and mid-week prayer service on Wednesday evening at 8 o'clock. Everyone cordially invited. This is a new order of service and the pastor hopes it to meet with approval from all.

The Halloween party on the school grounds on Friday night was well attended and the receipts to be used for the new piano were over \$20.

Dad Farmer, Deputy Rhinehart of Hayden and Deputy Hamilton of Winkelman made a hurry-up trip to New London on Friday to quiet a disturbance among the citizens. Too much personal use was the cause of the trouble. Two arrests were made, two big shooters and two Winchester were seized by the officers.

These arrests are in the Hayden battle to await a hearing.

The mask ball on Saturday night, in Taylor-Hatch hall was featured with costumes artistic as well as grotesque. A large crowd enjoyed the evening's amusement.

Plans are under way for the construction of a 600,000 mill to re-mill the tailings of the Ray Consolidated Copper company. The mill will be constructed near the river, close to the dump and will have a capacity of 6000 tons. Hayden is on the map to stay for some time, at least.

Meslimes Knight and Studley gave an infernal ball in Taylor-Hatch hall on Tuesday evening.

E. E. Brashear returned Tuesday from Phoenix. He accompanied Mrs. Brashear who left Phoenix on Monday for a visit with her parents in Denver, Col.
